15.6-inch Pen Display for Business

wacom® for Business

DTK-1660E
For beautifully flexible paperless workflows
Product Overview

Featuring a 15.6 Full HD resolution IPS LCD display, the Wacom DTK-1660E is a premium pen display that enables businesses to create an optimal paperless workflow for in-person customer interactions. Using the DTK-1660E as the key customer-facing device in a paperless workflow, the end-to-end documentation process can be accelerated from days to minutes. Moreover, the costs associated with buying, processing, distributing, storing and securely destroying paper documents can be completely eliminated.

The DTK-1660E features state-of-the-art encryption and 8,192 levels of digital pen pressure sensitivity that enables biometrically-accurate electronic signature capture. These attributes enable organizations to provide the most familiar and secure electronic signing and writing experience. The DTK-1660E also combines a modern, slim look with usage in portrait or landscape mode to create a flexible, comfortable user experience.

Wacom for Business leverages decades of leadership in digital pen technology to help organizations digitize processes
that require in-person interaction. We enhance Wacom and third-party pen-enabled devices with software
that stores and displays biometrically accurate digital ink. These integrations empower our global network of partners
to seamlessly incorporate handwritten electronic signatures and annotation into organizational workflows.
The result: Paperless processes with a familiar yet digital pen and paper feel.
Moreover, our WILL™ 3.0 (Wacom Ink Layer Language) standard for universal ink is powering new applications
that will ensure the next generation of customer experiences are more human, and more digital.
