The DTK-2451 and DTH-2452 Pen Displays for eDocuments

The DTK-2451 and DTH-2452 are Wacom's large format business pen displays – excellent choices for completing electronic forms and capturing handwritten electronic signatures by allowing users to write with a pen directly on screen. The generous active area provides a comfortable work surface for viewing, annotating and signing eDocuments. The DTK-2451 features Wacom's industry-leading pen technology for writing and signing. The DTH-2452 builds on that by adding a responsive multi-touch screen to support touch navigation and gestures.

Key Features:

- 24-inch LCD panel offers a large, comfortable surface and a wide viewing angle for excellent performance
- Multi-touch functionality for intuitive navigation and support for common gestures *(DTH-2452 only)*
- Patented cordless, battery-free pen with 2048 levels of pressure sensitivity for a premium signing and writing experience
- DVI-I video input supports both analog and digital connections
- Adjustable stand supports multiple angles for greater comfort
- Standard VESA mounting for use with 3rd-party stands and arms
